

Unity Elementary School
Every Student Matters, Every Moment Counts

Dr. Marci Vining, Principal Eric Alston, Assistant Principal Crystal Moseley, Instructional Coach Tykaunda Colton, Counselor/FEC

Dear Parents,

Welcome to Unity Elementary School, home of the Patriots! This year brings on new challenges and some changes. We know you are excited with the reopening of schools, and we are also ready to share in teaching and learning experiences with our students. We are working closely with officials to address the impact of COVID-19 on our school and plan for a safe 2020-21 school year. Please stay updated with information through our website and social platforms (Facebook and Instagram). You can be assured the safety of our students, families, and school staff is our first priority.

Students are at the center of MCSS district leaders' commitment to improving achievement and creating an environment to ensure all students receive the excellent education they deserve. Unity, Mountain View, and George E Elementary were converted into two elementary schools. As a part of the consolidation with GEWES, we are now a cohort with Greenville Middle/High. Therefore, we are taking PRIDE in our new mascot, the Patriot. Our students will begin and end their school career as a Patriot. This is an exciting time for our students!

We want to give a big THANK YOU to our staff and parents for all their efforts to support continuous learning during these unprecedented times. Students will be provided a hybrid model of instruction using both online (Google Classroom, online learning programs) and paper/pencil assignments during daily classroom instruction to ensure remote learning can occur in the event school closure occurs. You make the difference in our ability to succeed at Unity Elementary. We appreciate all the volunteer hours and support you give. If you are not already a member of our PTO, we look forward to meeting you and signing you up for our patriotic adventure in 20-21! If you have any questions, please feel free to contact me at (770) 927-1358.

Yours in Education,
