21st Century Community Learning Centers Parent Release of Records and Information Consent Form

The Georgia Department of Education (“GaDOE”) would like to collect data on activities and events taking place in classrooms, schools, and school related programs throughout the state. The Family Educational Rights and Privacy Act (“FERPA”) requires the GaDOE and 21st Century Community Learning Center (“21st CCLC”) to obtain prior written consent from the parent, guardian, or eligible student before releasing any personally identifiable information about a student. The information requested will be used to calculate the impact the 21st CCLC has on student performance and to meet reporting requirements as a result of receiving state and federal funds.

21st CCLC Meriwether County Schools are dedicated to establishing a community learning center designated to provide students with academic and enrichment opportunities, as well as additional activities to complement their regular academic programs. Quality programs are those that demonstrate a high daily attendance rate and engagement with family members of active participants. Programs that demonstrate these characteristics are more likely to have higher student growth, increased passage rates of local and state assessments, and students pursue post-secondary education.

I understand that this authorization is made pursuant to the Family Educational Rights and Privacy Act (“FERPA”), set forth in 20 USC §1232g and its regulation in 34 CFR Part 99 (as amended in 2012). Furthermore, I understand that this consent is made pursuant to 34 CFR 99.30(a), which requires that (1) the parent or eligible student’s consent specify the records to be disclosed, (2) state the purpose of the disclosure, and (3) identify the party or parties to whom the disclosure may be made.

By signing this form, I grant my permission for the school that my child(ren) attends to disclose to the 21st CCLC the following information. I also grant permission to the 21st CCLC to re-disclose the following information to the re-disclosure parties.

- 1. Records Disclosure:** School Registration Information/Demographic Data, Assessment Data, Student Grades, School Day Attendance, Survey Data, Free and Reduced Lunch Status, Attendance Data Student Grades, Assessment Data, Demographic Data
- 2. 21st CCLC Re-disclosure Parties:**
 - a. Georgia Department of Education
 - b. GaDOE contracted statewide evaluator
 - c. United States Department of Education
- 3. Purpose of Each Disclosure:** Collect data to calculate the impact 21st CCLC has on student performance.

All records and information regarding services will be protected by FERPA, which governs the exchange of confidential information. The exchange of information will be limited to the authorized staff of the 21st CCLC and the aforementioned re-disclosure parties. No individual student data will be released beyond that which This authorization, to receive services from the 21st CCLC and to exchange confidential information, shall remain in effect for the period of my student's enrollment in the 21st CCLC, or until rescinded in writing. I understand that this release may be revoked by me at any time with a written request dated and signed by me, except to the extent that the 21st CCLC has already acted in reliance upon this consent. Written revocations shall be sent to:

Parental Request to Grant/Deny Internet Access

Internet and Network Acceptable Use Policy Board Policy

Section 8.380 8.381

(Adopted by the Board of School Trustees, April 24, 2001)

The Meriwether County Schools firmly believes that there is a wealth of information and interaction on the Internet providing valuable resources for our students. With access to computers and people from all over the world through the Internet, it is impossible to control access to all materials found on the Internet, and an industrious user may discover controversial information. BTS staff will instruct and supervise their students in acceptable use of the Internet and proper Internet etiquette. The smooth operation of the School Corporation's Wide Area Network (the Network) and the Internet relies upon the proper conduct by users who must adhere to strict guidelines. Access to the Network and Internet through school machines and afterschool programming requires responsible, efficient, ethical, and legal utilization of resources. Users violating any of these provisions may be disciplined, and their access to Network and Internet services terminated and future access denied.

1) Acceptable Use – Internet and Network access must be in support of education and research, and consistent with the educational objectives of this school corporation. Transmission of any material in violation of any U.S. or state regulation is prohibited. This includes, but is not limited to, infringement of any copyrighted material, threatening or obscene material, or material protected by trade restrictions. You may not access, upload, or download sexually explicit materials. Internet and Network access may not be used for commercial activities.

2) Privileges - The use of the Meriwether County Schools Corporation's Network and Internet services is a privilege, not a right, and inappropriate use will result in a cancellation of all privileges. Assignments that require Internet access will have a faculty sponsor who will instruct and monitor student activity on the Internet. The sponsor and the Network administrators will deem what is inappropriate use and their decision is final. Parents, faculty sponsors, administration, faculty, or staff may request that further account privileges be denied, revoked, or suspended for any violation of this policy.

3) Etiquette - You are expected to abide by the generally accepted rules of Internet and Network etiquette. These include, but are not limited to, the following: (a) Be polite. Do not be abusive in messages to others. (b) Use appropriate language. Offensive or vulgar messages, such as messages that contain sexual or racial comments are strictly prohibited, in conformity with the School Corporation's existing policies, rules and regulations governing harassment and discrimination. Illegal activities are strictly forbidden. (c) Do not reveal your personal address or telephone number, or those of other students or colleagues. (d) E-mail is not guaranteed to be private. System Operators may access e-mail. Users have no expectation of privacy or confidentiality in any of their emails. Messages relating to, or in support of, illegal or improper activities will be reported to the proper authorities. (e) Enrolling in or participating in Chat Rooms is prohibited. (f) Do not use the Internet or Network in such a way that would disrupt the use of the Internet or Network by other users. (g) All communications and information accessible via the Internet should be assumed to be private property and safeguarded by copyright laws. (h) Word your messages carefully and be brief (i) Passwords may not be shared except with the teacher/supervisor and the System Operator. (j) You may not access another person's account without their permission.

4) Warranties - The Meriwether County Schools have no warranties of any kind, whether expressed or implied, for the service it provides. The Meriwether County Schools will strive to provide error-free, dependable access to the computing resources associated with Network and Internet use. However, this school corporation and afterschool program is not responsible for any damage suffered due to loss of data resulting from delays, non-delivery, missed deliveries, or service interruptions. Use of any information obtained via the Internet is at your own risk. The 21st CCLC Meriwether County Schools specifically denies any responsibility for the accuracy or quality of information obtained through these Internet services.

5) Security - Security on any computer system is a high priority, especially when the system involves many users. If you feel you can identify a security problem on the Network, you must notify a sponsoring teacher or system administrator. Do not demonstrate the problem to other users. Do not use another individual's account without written permission from that individual. Attempts to log on to the Network as a system administrator will result in disciplinary action. Any user identified as a security risk or having a history of problems with other computer systems will be denied access to Network and Internet services.

6) Vandalism - Vandalism will result in cancellation of privileges and possible disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user or other Networks that are connected to The Meriwether County Schools Wide Area Network. This includes, but is not limited to, the uploading or creation, or distribution of computer viruses. Users shall not intentionally seek information on, obtain copies of, or modify files, other data, or passwords belonging to other users, or misrepresent other users on the Internet or the Network.

7) **Computer Use** - Computers, Chrome Books, and iPads are available for students to use in the afterschool program. Bridge to Success uses technology to enhance learning and teaching, not replacing it. With the use of technology, students have the responsibility to use it appropriately. If students damage technology, a financial bill for repair or replacement will be issued.

As a parent or guardian of this student, I have read this Internet and Network Acceptable Use Policy. I understand that this access to the Internet and the Network is designed for educational purposes. I recognize that it is impossible for the Meriwether County Schools to restrict access to all controversial materials and I will not hold the sponsoring program or the school responsible for materials acquired on the Internet.

I accept full responsibility for supervision if and when my child's use is not in a school setting, and I certify that the information contained on this form is correct.
